When actuated, the detector shall emit a loud continuous alarm clearly audible from the sleeping area.

SEC. 1309.1. Smoke Detection and Alarm Systems. All Group H occupancies in buildings which are more than two stories in height or in buildings having 5 or more dwelling units, or 5 or more guest rooms, or a combination of dwelling units and guest rooms 5 or more in number, shall be provided with a smoke detection and alarm system as provided herein.
